Experience the Innovation! **Neotech**
 Straps to make your instrument feel
 50% lighter and 100% more comfortable

a division of
OP TECH USA

WEIGHT REDUCTION SYSTEM

Take the soft, durable features of neoprene, combine them with OP/TECH USA's patented "control-stretch" backing and you get the most comfortable strap ever made. This revolutionary design is also used in the NEOTECH straps. It actually helps reduce uncomfortable neck and shoulder pressure, fatigue and bounce. The strap contours to the shoulder and neck, thus effectively distributing the weight over a larger area. The "control-stretch" system functions as a shock absorber to ease the stress felt in the neck and shoulders. Our straps make a heavy load feel up to 50% lighter and 100% more comfortable.

MEMORY FOAM / WICK-IT STRAP™ TECHNOLOGY

NEOTECH'S Slimline Strap™ Series (guitar, bass and banjo) and Wick-It Sax Strap™ utilize a specialized system that makes a dramatic impact. It incorporates a high-tech anti-microbial "memory foam" and a special moisture-wicking material. This dynamic combination creates a comfortable custom fit that conforms to your neck and shoulder while effectively drawing away moisture so you stay cool throughout even the longest gigs. For players who prefer a strap without any stretch that offers loads of special features, the Slimline Strap™ or Wick-It Sax Strap™ will make a perfect choice!

CUSTOM LOGOS

Put your name or company logo on a NEOTECH strap for added exposure and increased profit. It's a more permanent form of advertising that adds directly to your bottom line. A minimum of fifty straps is all that is needed for custom imprinted orders. Ask your representative for details or call NEOTECH at 800-251-7815.

SOFT SAX® STRAP

- Fits most bass clarinets, English horns, bassoons, oboes, saxophones and others
- Easy to attach with a choice of three hooks: swivel, open or plastic-covered metal hook
- Very strong and durable
- Available in 6 colors
- Fully adjustable

The revolutionary **SOFT SAX® STRAP** actually helps reduce uncomfortable neck and shoulder pressure, fatigue and bounce. The innovative design incorporates neoprene with a comfort-stretch backing. This combination allows the weight of your instrument to be evenly distributed over a larger area on your neck and shoulders while absorbing the shock of your movements. This is how the **SOFT SAX® STRAP** makes your instrument feel 50% lighter and 100% more comfortable. You'll definitely feel the difference!

CLASSIC STRAP™

- Fits a wide range of instruments
- Internal control-stretch system with bound edges
- Very strong and durable
- Available in three hooks
- Available in black, red, royal and forest green
- Fully adjustable

The **CLASSIC STRAP™** offers the sophisticated performer a comfortable alternative. The tailored design is great for your saxophone, bass clarinet, English horn, bassoon, oboe and other instruments. The neoprene evenly distributes the weight while the patented internal system absorbs the shock of your movements normally felt in the neck and shoulders. **CLASSIC STRAP™** minimizes the strap movement while maximizing the comfort—it's sure to be a classic!

See our SaxPac™ and TriPac™ pouches on pages 10-11.

They're great for organizing and protecting reeds, mouthpieces and more!

Woodwind Straps

NEO SLING™

- Fits most saxophones and other instruments using our unique swivel hook
- Comfort-curve neoprene pad rests on the left shoulder while the strap adjusts across the back and connects in front using a quick disconnect
- Available in black
- Fully adjustable

The **NEO SLING™** offers a great alternative to the conventional neck strap. The weight of the saxophone is evenly distributed over the shoulder and across the back which eliminates neck fatigue. It's an ideal strap for individuals with neck problems. This neoprene shoulder sling gives the performer more freedom of movement while continuing to offer Neotech's patented weight reduction system. The saxophone feels 50% lighter and 100% more comfortable. Give it a try!

NEO SLING™

Stock #	Description	Hook Style	Approx. Size†	Color
2101162	Neo Sling, Regular	Swivel	38" - 48"	Black
2101172	Neo Sling, X-Long	Swivel	46" - 63"	Black

CLASSIC STRAP™ 2-HOOK

- Fits many instruments
- Neoprene strap with internal control-stretch system for added support and comfort
- Incorporates two plastic-covered metal hooks and unique adjustment slides
- Available in black
- Fully adjustable (approx. 16½"-22")

CLASSIC STRAP™ 2-HOOK

is ideal for the bass clarinet with two connection points; however, it's also great for the performer who wants added security with a 2-hook system. The two-finger slides offer quick and easy adjustment while the patented internal control-stretch system offers relief to the neck and shoulders. Comfort and Class—what a duo!

CLASSIC STRAP™ 2-HOOK

Stock #	Description	Hook Style	Approx. Size	Color
2001072	Classic Strap, 2-Hook	Plastic Covered Metal	16.5" - 22"	Black

TUX STRAP™

- Fits many instruments using our unique plastic-covered metal hook
- Streamlined internal-control stretch design maintains the weight reduction comfort while offering a sleek strap that can be easily hidden under a suit
- Unique adjustment slide

TUX STRAP™ offers great support in a "stealth" design (1½" wide) that is easily hidden under a suit. The two-finger slide offers quick and easy adjustment while the patented internal control-stretch system offers added support and relief to the neck and shoulders.

*Straps to make your instrument feel
50% lighter and 100% more comfortable!*

SUPER HARNESS STRAP™

- Fits most saxophones—ideal for Alto, Tenor and Bari saxophones
- A design for men & women
- Easy to attach with a unique swivel hook or the new Loop Connector (See photo insert on pg. 5)
- Self-adjusting design offers ideal comfort & flexibility of movement
- Available in black
- Fully adjustable

SUPER HARNESS STRAP™ offers unmatched comfort to the avid musician—from beginner to professional! This easy-to-use neoprene harness provides freedom of movement and our unique internal control-stretch system with added cushioning for maximum comfort and support. The quick release buckles make it a snap to put on while the adjustment system lets you customize the harness to your needs. As it freely glides through the hardware located in the back, it increases mobility without sacrificing comfort as the neck/shoulder pad always stays in place. Give it a try!

WICK-IT SAX STRAP™

WICK-IT SAX STRAP™ uses a high-tech memory foam pad which conforms to the contours of your neck and shoulders to create a comfortable fit. The material is antimicrobial and allows moisture to dissipate. This combination of features creates a comfortable and secure non-stretch strap that makes playing for long hours under hot lights much more enjoyable. The tailored design appeals to users of all playing ability and the comfort is truly unique. It's sure to be a favorite!

SOFT HARNESS STRAP™

- Fits most saxophones
- A design for all sizes: men, women and youth
- Easy to attach with a unique swivel hook or the new Loop Connector (See photo insert below)
- Very strong and durable
- Available in black
- Fully adjustable

A harness that is not only functional but extremely comfortable! **SOFT HARNESS STRAP™** uses neoprene reinforced with an elastic support system which carries the burden of a heavy instrument and enhances the musician's comfort and freedom of movement. Musicians no longer have to be restricted by confining harness designs. **SOFT HARNESS STRAP™** is ideal for musicians in marching bands or individuals with back or neck problems. Neotech's patented weight reduction system does it again!

SOFT HARNESS STRAP™

Stock #	Description	Hook Style	Approx. Size	Color

C.E.O. COMFORT STRAP™

- Fits the Clarinet, English horn & Oboe
- Streamlined design
- Easy to attach with a plastic-covered metal hook
- Provides thumb relief
- Unique adjustment slide
- Very strong and durable
- Colors: black, red, navy, wine, forest green
- Fully adjustable

C.E.O. COMFORT STRAP™ offers a sleek design while providing maximum comfort. The durable neoprene strap incorporates top grade leather and custom cord to arrive at the ideal strap. The unique slide holds the desired length while offering easy, two-finger adjustment capabilities. The versatile **C.E.O. COMFORT STRAP™** has a choice of two connection options. You can attach the unique leather tab to your thumb rest or use the plastic-covered metal hook if you have an eyelet attachment on your instrument. The end result is comfort for your neck and shoulders while providing relief for the all-too-common thumb fatigue frequent amongst clarinet, English horn and oboe players. Treat yourself to the best—try the **C.E.O. COMFORT STRAP™**!

Instrument Harnesses

TUBA HARNESS

- Two connection options to fit a wide variety of tubas
- Upper support strap can be used on right or left side
- Patented internal control-stretch system for added comfort and stability
- Designed with comfort in mind for both men and women
- Non-marring connectors
- Fully Adjustable

The **TUBA HARNESS** conforms to the shape of your body and evenly disperses the weight of the instrument while absorbing the shock of your movements.

The neoprene pad forms a comfortable and stable yolk across the top of the back and shoulders. The cushion stays just where you need it most—no matter the amount of moving and grooving you make while playing. The self-adjusting harness freely glides through the hardware located in the back which increases your mobility without sacrificing comfort. The Neotech **TUBA HARNESS** is designed with both men and women in mind to arrive at the most comfortable fit. Experience the innovation of Neotech's **TUBA HARNESS**. It's ready to carry the load!

TUBA HARNESS

Stock #	Description	Approx. Size	Color
5401162	Tuba Harness, Regular	22" - 27" *	Black
5401142	Tuba Harness, X-Long	26" - 33" *	Black

* measurement is approximately from top of shoulder to connector hooks where either the *cradle* or *loops* attach to the main harness.
