Brass Instruments Maintenance Materials

Frequent Maintenance

Metal Cloth, **Polishing Cloth**, **Silver Cloth** and/or **Silicon Cloth** should be used to clean the surface of your instrument after every use.

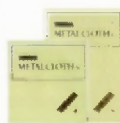

Silicon Cloth
(M, L)

Silver Cloth
(M, L)

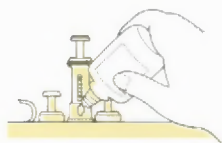

Polishing Cloth
(S, L)

Metal Cloth
(M, L)

Valve Oil is especially formulated to give piston valves fast smooth action.

Valve Oil
(Light)

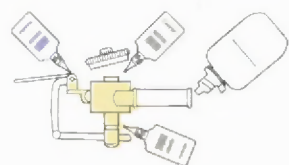

Valve Oil
(Regular)

Valve Oil
(Vintage)

Rotor Oil helps prevent corrosion and reduces friction for smooth, rotary valve operation. **Lever Oil** and **Rotor Spindle Oil** ensure a noiseless mechanism.

Lever Oil

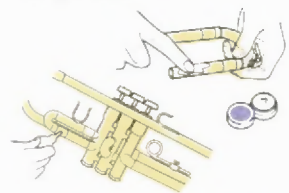

Rotor Spindle Oil

Rotor Oil

Slide Grease and **Tuning Slide Oil** create an air-tight seal and prevent sticking of tuning slides.

Tuning Slide Oil

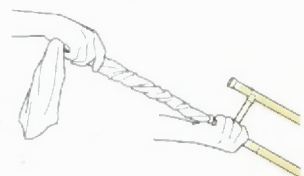

Slide Grease
(Soft)

Slide Grease
(Hard)

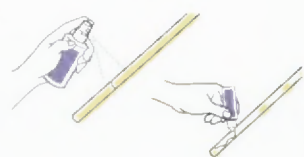

Polishing Gauze (size L) wrapped around a cleaning rod removes dirt and moisture from trombone slides.

Polishing Gauze
(L)

Cleaning Rod (for Trombone)

Slide Cream should be applied to the stockings of a trombone's inner slides, then a **Water Spray** used for smooth action and air-tight seal. A few drops of **Slide Oil** should be applied to the inner slides. When the slide movement gets heavy, spray with a **Water Spray**.

Slide Cream

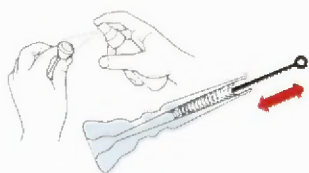

Water Spray

Slide Oil

Occasional Maintenance

Mouthpiece Brushes clean the interior of brass mouthpieces. **Mouthpiece Cleaner** removes dirt and sanitizes the surface of the mouthpieces.

Mouthpiece Cleaner

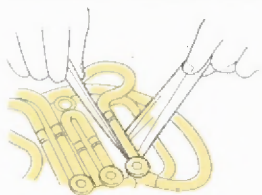

Mouthpiece Brushes (S,L)

Brass Soap

Polishes restore the luster to instrument finishes; **Lacquer Polish**, **Silver Polish**, and **Metal Polish** (for nickel-plated or un-plated surfaces).

Metal Polish

Silver Polish

Lacquer Polish

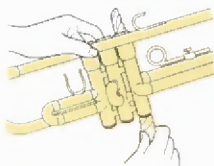

Polishing Gauze (S, L)

Tone Hole Cleaners are ideal to clean out the waterkey holes of brass instruments.

Tone Hole Cleaners

Cleaning Rod and **Polishing Gauze** should be used to clean the interiors of slides, valve casings, and other straight tubing. **Oil Grease Cleaner** removes excess oil which can trap dirt.

Oil Grease Cleaner

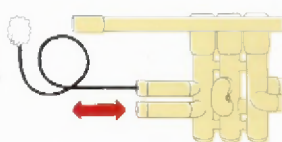

Polishing Gauze (S, L)

Cleaning Rod (for pistons)

Flexible Cleaners have a brush on the end of plastic coated flexible wire for cleaning hard-to-reach tubing and crooks. **Brass Soap** is a neutral detergent specifically developed for cleaning inside brass instruments.

Brass Soap

Flexible Cleaner (S)

Flexible Cleaner (L)

Flexible Cleaner (For Trombone)

Cleaning Swab and **Mouthpiece Swab** should be used to remove dirt and moisture from inside the instruments, slide and mouthpieces.

Cleaning Swab (TR, SL, HR, EP, TUBA)

Mouthpiece Swab (S, M, L)

Woodwinds Maintenance Materials

Frequent Maintenance

Polishing Gauze, Polishing/Silicon/Silver Cloth should be used to clean the surface of your instrument after every use.

Polishing Gauze (S, L)

Silicon Cloth (M, L)

Silver Cloth (M, L)

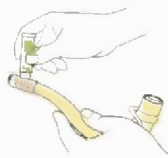

Polishing Cloth (S, L)

Metal Cloth (M, L)

Cork Grease facilitates attaching joints, prolongs cork life, and maintains air seal. It comes available in both hard and soft types.

Cork Grease (Soft)

Cork Grease (Hard)

Swathed in **Polishing Gauze Inner Cloth, Cleaning Rods** remove dirt and moisture from the inside of flutes and piccolos. They have a depth mark for visual headjoint adjustment.

Inner Cloth (Piccolo, Flute, Flute Long)

Cleaning Rod (For Piccolo)

Polishing Gauze (S, L)

Wooden Cleaning Rod

Synthetic Cleaning Rod

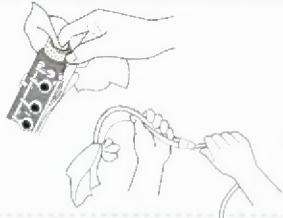

Ebony Cleaning Rod

Long Type Cleaning Rod can be used without disassembling the flute. It comes with a long type cloth.

Long Type Cleaning Rod

Cleaning Swab and **Monster Swab** should be used to remove dirt and moisture from inside the instrument after every use.

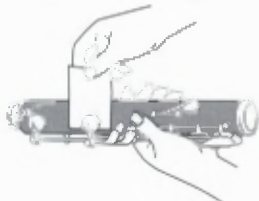

Cleaning Swab (S, M, L, Oboe, Sax, Bassoon)

Monster Swab for Sax (SS, AS, TS)

Cleaning Paper lengthens the life of pads by removing any oil, dirt, and moisture. **Powder Paper** (applied after using **Cleaning Paper**) helps maintain smooth action and prevents sticking.

Cleaning Paper

Powder Paper

The right accessories can make a big difference to your playing comfort and performance. Yamaha accessories are created with the same care and attention we give to the instruments themselves.

Digital Quartz Metronome

ME-150BK has a thin compact sized body, with both A and B⁺ tuning notes. A memory function enables to memorize maximum 9 tempos and rhythm.

Model	ME-150BK
Weight	40g (1.4 oz)
Dimensions (W) x (H) x (D)	47 x 76 x 12.8 mm 1.8 x 3.0 x 0.5 inch

ME-150BK

Chromatic Tuners

TD-5BK is a business card-sized digital chromatic tuner which comes with a contact microphone and a soft case pouch. **TD-100** has input/output terminals and a large speaker for professional use. Both of them are designed for timpani and wind instruments.

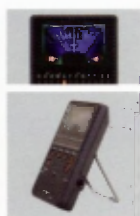

Model	TD-5BK	TD-100
Weight	43g (1.5 oz)	161g (5.6 oz)
Dimensions (W) x (H) x (D)	86 x 54 x 13 mm 3.4 x 2.1 x 1.2 inch	130 x 72 x 27 mm 5.2 x 2.8 x 1.0 inch

Stand

Music Stands

MS-303AL is extremely light (635g / 22.2 oz) and a compact sized music stand which is made of aluminum. Hard cases and soft cases are available.

WA-10 Wide Attachment helps to support oversized music.

MS-303AL

WA-10

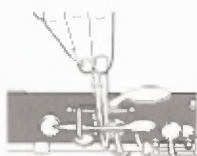

Hard case (MS-300ALC)

Soft case (MS-300ALS)

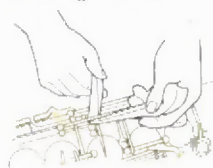

Occasional Maintenance

Tone Hole Cleaners are ideal for cleaning the insides of toneholes and cleaning difficult to reach areas between the key mechanisms.

Tone Hole Cleaners

Polish restores the luster to instrument finishes. **Lacquer Polish**, **Silver Polish**, or **Metal Polish** (for nickel-plated or un-plated surfaces) should be applied with **Polishing Gauze**.

Metal Polish

Silver Polish

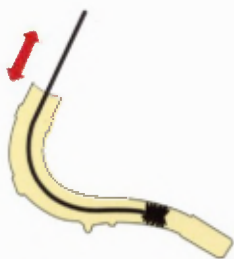

Lacquer Polish

Polishing Gauze (S, L)

A **Bocal Brush** and **Bocal Swab** are available for cleaning the insides of bassoon bocals. A special **Saxophone Neck Brush** includes a plastic covered flexible wire brush for cleaning inside saxophone necks.

Bocal Brush

Bocal Swab

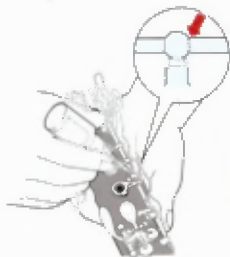

Brass Soap

Saxophone Neck Brush

Key Oil maintains smooth noiseless operation of key mechanisms. **Bore Oil** helps preserve the natural characteristics of the inner bore of wood instruments.

Bore Oil

Key Oil Light
(For Piccolos, Flutes, Oboes)

Key Oil Medium
(For Clarinets)

Key Oil Heavy
(For Saxophones,
Bass Clarinets, Bassoons)

Mouthpiece Cleaner removes dirt and sanitizes the surface of the mouthpieces.

Mouthpiece Cleaner

Polishing Gauze (S, L)

Accessories

Mouthpiece Patches

Reduce discomfort, and stabilize the embouchure while protecting the mouthpiece.

Ring Key Patch

Ring Key Patches cover the open toneholes of ring key flutes.

Thumbrest Cushions

Provide a more comfortable thumb position for clarinets, oboes, and tenor or bass recorders.

Valve Protectors

Protect the valve casing of trumpets and cornets. Available in black leather or black vinyl.

Valve Trough for Euphonium

Clips on the bottom valve caps of the Euphonium to trap moisture and oil.

for YEP-642

for YEP-201

for YEP-321

Replaceable moisture trap

Saxophone Neck Straps

Strong black colored straps comfortable on the shoulders and neck, with an easy-to-adjust hook.

Shoulder Straps for E^b or BB^b Tubas

Strong leather straps with comfortably cushioned pads and sturdy, adjustable hooks.
